

MANUFACTURERS OF ALL KINDS OF FASTENERS

QUALITY THAT FITS

Manufacturers, Stockists & Distributors
All Kinds of Industrial Bolts & Nuts

HARDNESS TESTING MACHINE

GET TO KNOW US

Established in 2015, Unifit Industries stands as a partnership-based enterprise with its headquarters situated in Chennai, Tamil Nadu. Renowned as primary manufacturers of industrial bolts and nuts in the region, we have garnered praise for our exceptional craftsmanship and dedication to quality.

Unifit Industries saddles on the legacy of two pioneers in the domain - Dhankot Traders and Dhankot Engineering Pvt. Ltd. These establishments have long provided world-class fasteners for various applications to its customers.

Unifit Industries has emerged as a benchmark for excellence in the bolt and nut domain. Our diverse inventory includes an extensive array of products such as Hex Bolts & Nuts, Customised Foundation Bolts, Anchor Bolts, Sag Rods, Brace Rods, Self-Drilling Screws, Drywall Screws, Chipboard Screws, Spring Washers and more.

Our stringent business ethics allows us to continually adapt to the dynamic trends of the market.

QUALITY. TRUST. VARIETY.

Through our unwavering commitment to integrity and innovation, we have secured a firm position within the industry, owing much to the tireless efforts of our proficient workforce.

Our customers rely on us not only for the assurance of timely deliveries but also for competitive pricing that ensures optimal value for their investments.

WHY OUR CLIENTS CHOOSE US

Our rich industry experience and unwavering commitment have garnered recurring business from a range of our clients. At Unifit Industries, we prioritize a singular principle of customer-focus, tailoring our services to meet the unique needs of each client with unmatched dedication. We thrive on adhering to these factors, giving us a competitive edge in the market:

- Prime Business Ethics
- Highly-Competent Staff
- Sound Infrastructure
- Quality-Assured Products
- Sustainable Pricing

WHAT SETS

US APART

As a reputable industry leader, we pride ourselves on delivering high-quality products that adhere strictly to industrial standards and norms. Our range of fasteners is available in a variety of specifications, which can be customized to meet the specific requirements of our customers or provided in standard configurations.

Our key differentiators from our competition are:

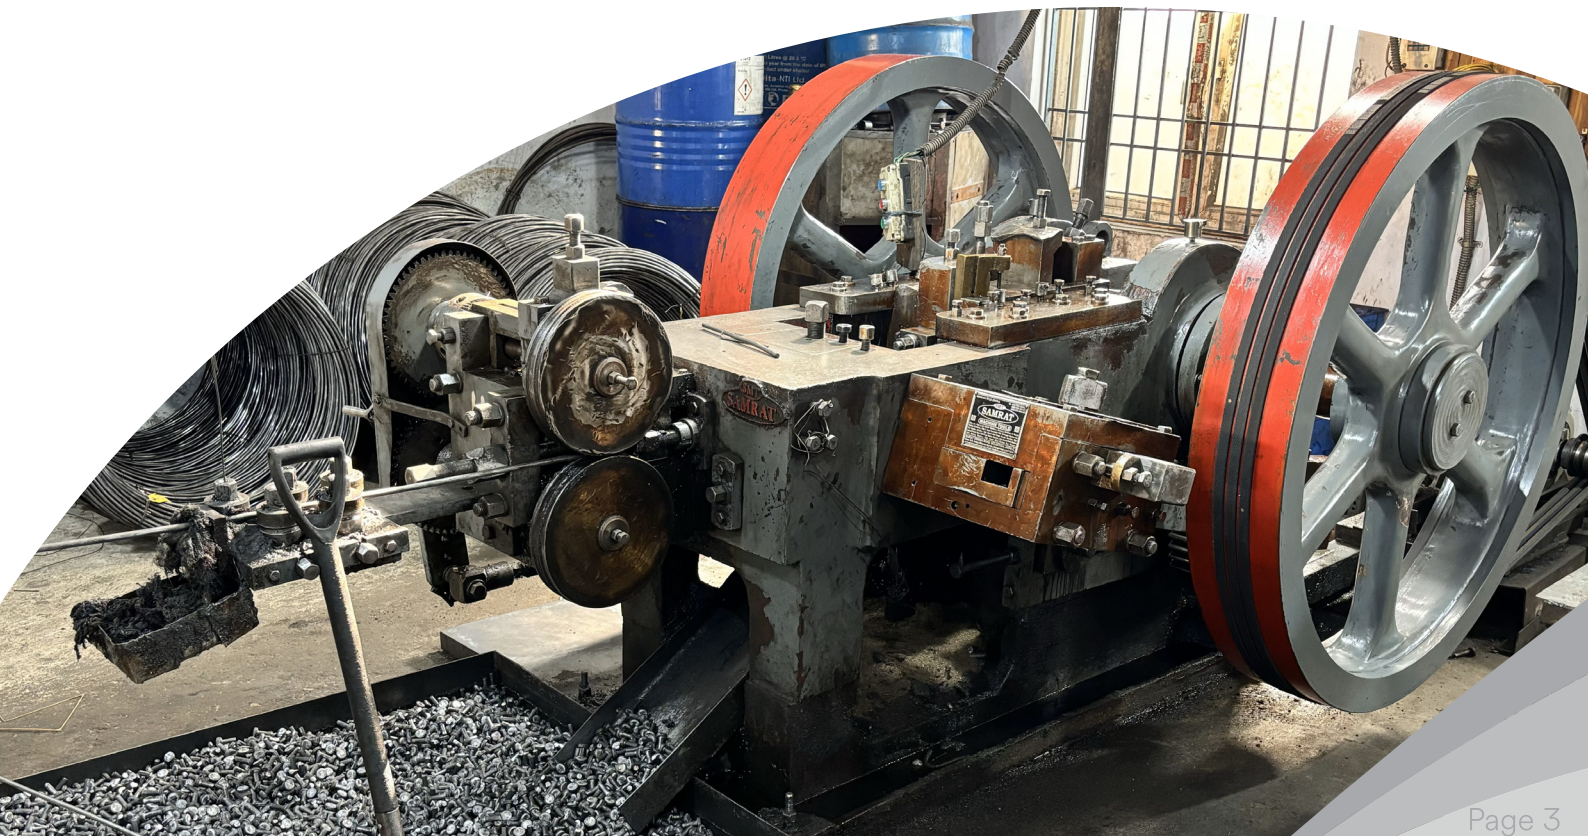

- Ready Stock of Standard Items
- Reasonable Prices
- High Quality
- Timely Delivery
- Modern Manufacturing Units
- Customization

★ OUR VISION FOR THE FUTURE ★

We envision a great path in manufacturing for the world. Our products, which excel in quality, conform to industry standards, and beat market prices by a mile, are FIT for the world. We aim to set a benchmark in the global fasteners industry through export of our products.

We are also cognizant of the fact that research and development is fast paced today, and we stand head-to-head in manufacturing the latest and the best, according to market trends and requirements.

FOUNDATION BOLTS

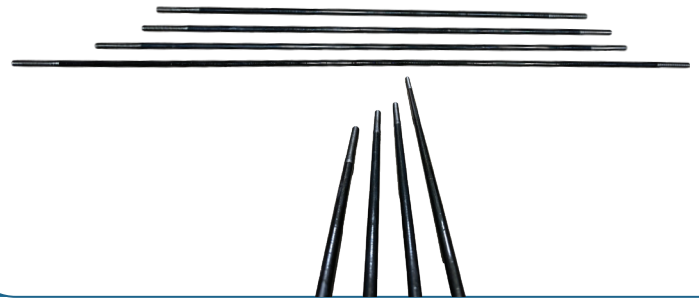

- Stability against external forces.
- Strong load-bearing capacity.
- Durable for longevity.
- Essential in global construction.

Size	Standards
All Sizes	Diameter of any size, as per customers' sizes & requirements

SAG ROD

- Support suspended elements.
- Withstand loads, vibrations.
- Ensure stability, safety.
- Indispensable in infrastructure.

Size	Standards
All Sizes	As per customers' drawing & specification, with any finish
	1. Zinc Electroplating White / Blue / Yellow
	2. Hot Dip Galvanizing (HDG)

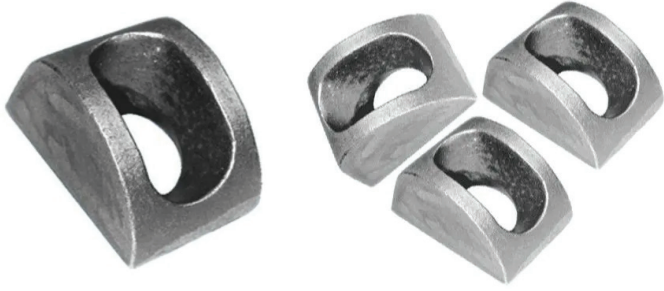

BRACE ROD

- Reinforce against lateral forces.
- Ensure structural integrity, safety.
- Precision-engineered support.
- Essential in modern design.

Size	Standards
All Sizes	As per customers' drawing & specification, with any finish
	1. Zinc Electroplating White / Blue / Yellow
	2. Hot Dip Galvanizing (HDG)

HILLSIDE WASHER

- Stabilize slopes effectively.
- Distribute loads evenly.
- Essential in infrastructure safety.

Sizes

M16, M20, M24, M32

CONNECTOR NUTS

- Facilitate secure connections.
- Precision-designed for durability.
- Versatile in various applications.
- Ensure lasting performance.

Sizes

M16x100 | M20x125 | M24x150 | M30x150

HEX HEAD BOLT

- Renowned for durability, strength.
- Reliable in industrial applications.
- Ensure structural integrity, safety.

Unifit Hex Head Bolt 4.6 Gr	Mark: UFT 4.6
Unifit Hex Head Bolt 8.8 Gr	Mark: UFT 8.8
Unifit Hex Head Bolt 10.9 Gr	Mark: UFT 10.9
Zinc Electro Plated White / Blue / Yellow / Hotdip Galvanizing	

HEX NUT

- Exceptional tensile strength.
- Reliable performance in industrial settings.
- Ideal for critical fastening applications.

Unifit Nut 4 Gr	Mark: 4
Unifit Nut 8 Gr	Mark: 8
Unifit Nut 10 Gr	Mark: 10
Zinc Electro Plated White / Blue / Yellow / Hotdip Galvanizing	

WEDGE ANCHOR BOLTS

- Robust fasteners for heavy loads.
- Secure anchoring into concrete.
- Reliable support for stability and safety.

Diameter	Length
6mm - 24mm	Up to 300mm

★ SELF-DRILLING SCREWS ★

HEX FLANGED-HEAD WITH EPDM WASHER

- Secure fastening with weather resistance.
- Engineered for durability, reliability.
- Effective sealing against moisture, vibration.

Diameter	Length
10 - 16 TPI	Up to 25mm
12 - 14	Up to 150mm
12 - 24	Up to 120mm

Zinc Electroplating / Ruspert Coating

TRUSS HEAD

- Low-profile, rounded design.
- Broad bearing surface for stability.
- Ideal for flush installations in woodworking.

CSK

- Flat head design for flush installation.
- Clean and professional appearance.
- Secure fastening with minimal protrusion.

PAN

- Slightly rounded head for smooth appearance.
- Versatile and reliable fastening.
- Suitable for electronics and construction.

Dimensions	Dimensions	Dimensions
Diameter - 4.2	Diameter - 4.2	Diameter - 4.2
Length - 13mm to 50mm	Length - 13mm to 50mm	Length - 13mm to 25mm
Electro-Zinc Plated White/Blue	Electro-Zinc Plated White/Blue	Electro-Zinc Plated White/Blue

CHIP BOARD SCREWS

- Designed for chipboard and composites.
- Coarse threads for easy penetration.
- Self-tapping for efficient installation.

Dimensions

3.5 x 16 - 25mm

4 x 25 - 50mm

5 x 50 - 75mm

Electro-Zinc Plated White/Blue

- Coarse threads and sharp points.
- Self-tapping for efficient installation.
- Indispensable for drywall attachment.

Diameter

3.5 x 19 - 50mm

Black Finish

SPRING WASHERS

- Reliable axial load distribution.
- Vibration damping in bolted joints.
- Essential for secure fastening and stability.

Dimensions

M3 - M42 - Spring Washer SQ Section as per DIN 7980

M2 - M48 - Spring Washer Flat Section as per DIN 127B

Black Finish

Electro-Zinc Plated White / Blue / Yellow

- Threads in thin materials.
- Strong, load-bearing connection.
- Essential in automotive, aerospace.

Style	Dimensions
Flat Head Round Body	3 - 12mm
Reduced Head Round Body	3- 10mm

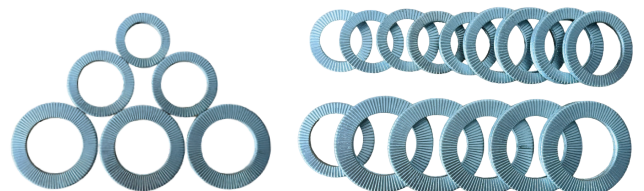

DROP IN ANCHORS

Sizes	M6 - M20
-------	----------

WEDGE LOCK WASHERS

Sizes	M3 - M48	M4 - M24
Standard	As per DIN 25201	As per DIN 25201
Finish	Zinc Flake Coating	SS 316

DHANKOT TRADERS

Dhankot Traders, a pioneer in the field of industrial fasteners, was established in the year 1976 and is the parent company of Unifit Industries. The establishment manufactures, supplies and exports a wide assortment of Industrial Fasteners, Structural Fasteners, Clamping Fasteners, Foundation Bolts, Rods and Anchor fasteners. Their other offerings include Bolts, Circlips, Nuts, Cotter Pins, Allen Keys, Washers, and much more.

DHANKOT ENGINEERING PVT LTD

Dhankot Engineering Pvt. Ltd. is a subsidiary of Dhankot Traders and an associated company of Unifit Industries. They are Authorised Distributors of the UNBRAKO brand of fasteners and one of the largest stockists of UNBRAKO industrial fasteners in South India.
